

# MGSE WORKSHOP

## STEM CELLS of INVERTEBRATES:

### THEIR ROLE IN DEVELOPMENT, REPRODUCTION & REGENERATION

# PROGRAM

MÜNSTER  
GRADUATE  
SCHOOL OF  
EVOLUTION

Wednesday, 12<sup>th</sup> July 2017, Münster

Lecture hall HHü, Hüfferstr. 1

- 9.00 – 9.15            **Greeting and introduction to the workshop**
- 9.15 – 10.15        **Dr. Tsuyoshi Momose**  
Biologie du Développement, Observatoire Océanologique, Villefranche-sur-Mer, France  
*Stem cells in Clytia hemisphaerica and other hydrozoans*
- 10.15 – 11.15       **Dr. Cinzia Ferrario**  
Department of Biosciences, University of Milan, Italy  
*Stem cell recruitment versus adult cell dedifferentiation in echinoderm regeneration*
- 11.15 – 11.45       Coffee break
- 11.45 – 12.45       **Prof. Dr. Loriano Ballarin**  
Department of Biology, University of Padua, Italy  
*Stem cells in asexual and sexual reproduction of Botryllus schlosseri*
- 12.45 – 14.00       Lunch break, e.g., at the canteen at the Aasee

Social room, Hüfferstr. 1

- 14.00 – 17.30       **Roundtable Discussions**
- 18.00                Dinner at the *A2 am See*
