

**21st February** (Day 1)

*Institute for Evolution and Biodiversity (lecture hall)*

**09:15 - 09:30 - Workshop Introduction** - Prof. Dr. Joachim Kurtz

**09:30 - 10:30 - Dr. Claudia Fricke** (Public talk)

*“Experimental evolution - some thoughts on design and possible pitfalls”*

**10:30 - 11:00** - Coffee break

**11:00 - 12:00 - Prof. Dr. Eric Desjardins** (Public talk)

*“Exploring and Interpreting Divergence in Experimental Evolution”*

**12:00 - 13:30** - Lunch (Mensa am Aasee)

**13:30 - 14:30 - Prof. Dr. Thomas Flatt** (Public Talk)

*“Evolve and Resequence (E&R) in Drosophila”*

**14:30 - 15:00** - Coffee break

**15:00 - 16:00 - Prof. Dr. Henrique Teotónio** (Public Talk)

*“Adaptation in variable environments”*

**16:15 - 18:15** - Poster session (Public)

---

**18:30 - 22:00** - Workshop Social Dinner (Schloßgarten Café)

**22nd February** (Day 2)

[Huefferstrasse 1a](#)

(Only for registered participants)

**09:15 - 09:30** - Format presentation (Ana Lindeza and Nina Kranke)

**09:30 - 12:15** - **“Knowledge Café”**

Topics in Experimental Biology

1) Prof. Dr. Henrique Teotónio (with Dr. Caroline Zanchi)

**“How to control an Experimental Evolution experiment?”**

2) Prof. Dr. Thomas Flatt (with Dr. Lukas Schrader)

**“Sequences or transcripts? What to do in the end of the EE?”**

Topic in Philosophy of Biology

1) Prof. Dr. Eric Desjardins (with Nina Kranke)

**“External Validity”**

**12:15 - 13:00** - Final considerations and conclusions
