

WESTFÄLISCHE
WILHELMS-UNIVERSITÄT
MÜNSTER

Forschung der Chemischen Industrie

Industry Research - Introduced to You.

Thursday

May 12th 2016

Lecture Hall Building, Chemistry Institutes
of the WWU Münster

Partner of the
Event

1:00 pm Dr. Paul Alsters DSM N.V.

Catalysis within DSM: Improving, Changing, and
Enabling Chemicals Manufacture

Dr. Christian Funke Bayer CropScience
Modern Agrochemicals: Innovative Solutions
for Chemical Challenges

Dr.-Ing. Karsten Wilbrand Shell Global Solutions
Shell GTL Technology - Clean Hydrocarbon Molecules
Designed from Natural Gas

PhD Poster Talks WWU Münster

Selected contributions on current research projects

3:30 pm Poster Session

Coffee break, discussion, snacks

4:30 pm Dr. Horst Beck Henkel Adhesive Technologies
Modern Developments in
Adhesive Technology

F. Hoffmann-La Roche

Dr. Matthias Nettekoven Ltd
From idea to medicine

Dr. Andreas Fischer BASF SE
Innovative Battery Materials
Drive Electromobility

Reception
„Sekttempfang“
